If Christians are in the workplace, then so is the church. In *The Church In The Workplace*, C. Peter Wagner explores how the role of the church in the work life of believers is just as much a ministry, a service to God and even worship, as what believers do on Sunday in their local churches. A further indispensable step toward activating faith at work is to understand clearly how the extended church operates through the nuclear church and how bridges can be built to join the two. Wagner does just this as he looks at the biblical perspective on work, the Holy Spirit's call to the church to bring about social transformation and worldwide examples of the role the church has already played in the workplace.
