Your Signature Work expands on the concept of doing your personal best at work so that it reflects your goals, values, beliefs, and faith. As you strive for excellence, you'll influence others in your workplace. Dianna says that even if you feel trapped in a dissatisfying job or a seemingly insignificant career, your work matters to God, and your attitude can make all the difference in how you view your job. When you do find your true calling, your work will be a source of satisfaction and fulfillment--and you will be proud to sign your name to it.
