With Ed Silvano

Collecting four amazing stories, Transformation in the Marketplace is a powerful DVD that will demonstrate the power of Christ to change individuals and nations! These four stories include:

The Elk River Story

Witness how a partnership between pulpit and marketplace ministers has changed the spiritual climate of a city in Minnesota by bringing the presence and power of God into all parts of the marketplace... government, business, and education. Learn how prayer, the exercise of authority, and faith can transform lives, businesses, in fact an entire city.

Olmos Prison

The unbelievable but true story of how a prison that was once run by the church of Satan has been transformed into one of the most powerful churches in Argentina. An eye opening testimonial of how the power of God can fully restore criminals, their families, and even a corrupt system. This will infuse you with hope!

Transformation Hawaii

Witness the radical move of God in the islands of Hawaii as individuals, businesses, schools, and communities are being transformed through prayer evangelism. The presence of God is invading all areas of the marketplace and it all began with simple but bold obedience and a daring declaration that Hawaii belongs to Jesus. Profoundly inspiring.

The Power of One

The remarkable story of how one man's understanding of what it means to be anointed for business and his subsequent obedience led to the divine repurposing of his companies as well as the launching of a worldwide prayer movement. The Power Group of Companies is radically changing South Africa through prayer, the leading of the Holy Spirit, and by kingdom-driven community development.
